

Personal Safety Tips Ramadan 2025

- ✓ Remain alert and aware of your surroundings.
- ✓ Plan your journey to and from the mosque, stick to it, and leave with friends and relatives where possible.
- ✓ Only use public routes you know which are busy and well-lit - especially for Maghrib, Isha, and Fajr prayers.
- ✓ If using public transport, note departure times and your nearest bus stops.
- ✓ Message loved ones about your departure and arrival times between prayers.
- ✓ If it is safe, photograph or video of the perpetrator(s) and note their description (e.g., their clothing, any tattoos, or physical features).
